Christina Yakuboff, owner of All Basics Stove Shop has been advertising with Valpak for over six (6) years, since December 2011. The reasons Christina choose Valpak was to generate new business, expand into new areas, bring awareness to products & services and to build client relationships and to keep business coming in. When we asked Christina about her success in Valpak she stated *"Best bank for your advertising buck. Valpak has always been positive & great! Valpak has always performed above & beyond our expectations. We see better quality and more leads than the Cabinets' Papers, Coupon Book, Cash for Coups and Hawkeye."* We asked Christina if she enjoyed Valpak's tracking & reporting capabilities and if she would recommend Valpak to other business owners, she went on to say *"We get to generate our own reports off of it allowing us to track our Return on Investment, we love that capability & service and would highly recommend Valpak to every business owner as its ALWAYS been nothing but positive for us!"*
