Jesse Nickerson, owner of All Japanese Auto has been running in Valpak for just over 4 months. Jesse started in Valpak to increase his traffic flow. When we asked Jesse how his Valpak programs were working he said *“I saw some long time customers come back when I hadn’t seen them in a while. We see a lot of new customers; we get about 15 per month on average.”* Jesse also tacks advantage of Valpak’s On-Line and Tracking Programs and when we asked how those are working he went on to say *“Valpak’s tracking programs are very useful making it easier to track results for ROI.”* We asked Jesse how Valpak compares to other forms of advertising he does and if he would recommend us to other owners, he closed by saying *“Valpak focuses on local markets and outperformed my TV ads. You know it works when it hits homes and you start getting great results! I would recommend Valpak to every business owner because it works and I’m very happy with the service.”*
