Liz Schedeler advertises bits 'n pieces to raise her business profile and awareness, promote new specials, products & events and to bring in new customers. Liz does other forms of Direct Mail advertising but Strongly Agrees that Valpak Outperforms them all, stating *"Valpak is GREAT. It outperforms Spectrum. I get a lot of coupons back especially New Customers. I will continue with Valpak!"* Liz also takes advantage of Valpak's award winning Digital programs and when asked about her VP Digital she stated *"People also come in with the Digital Printouts. I love the Digital that goes out along with the Direct Mail Piece!"*
