Steve Notini, owner of Dracut Car Wash has been running with Valpak for four (4) years with his first mailing taking place back in May of 2014. Steve just renewed his agreement to continue to raise his awareness, promote the car wash and to bring in more customers. When we asked him about how Valpak was working Steve stated *"We run every year and we get so much business from Valpak. We receive up to 200 coupons back every month!" I have tried similar companies in the past and they never worked out. I called Valpak four (4) years ago and it has worked out so well for us! We also get call tracking and digital reports which really help us track how we are doing"* When we asked Steve if he would recommend Valpak to other business owners he went on to say *"Yes, I would highly recommend Valpak; if you want solid numbers you have to commit to running in Valpak all the time. You will see a solid return on your investment every year!"*
