Elias Manolis, owner of Dracut House of Pizza began mailing with Valpak in June 2015. His main objective was to increase sales of his Pizza Restaurant. When we asked Elias how his Valpak programs were working for him, he stated *"I do the regular 1 panel ad and also a menu flyer with Valpak. We receive over 50 coupons back every month. We also see a number of on-line / digital ads come in every month."* We then asked Elias if his perception of Valpak has changed since he started and he went on to say *"I started working with Valpak 2 years ago and my thoughts on Valpak have changed and now I love them. I love the service and*

the Digital Reports Valpak provides to me." How does Valpak compare to other forms of advertising you are doing or have done in the past *"Valpak outperforms Community Values and the newspaper by a long shot. I would highly recommend Valpak to every business owner because if you want to see results Valpak is the way to go!"*
