Nancy Keyslay, owner of Fancy Nancy's Salon & Spa has been advertising with Valpak for almost eight years, her first Valpak mailing was back in February 2012. Nancy first started mailing with Valpak to help her business grow and to generate more clients for her salon. When we asked Nancy to tell us how her Valpak marketing programs have been working for her over the years she stated *"I have been with Valpak for over four years and I have mailed 20,000 homes every single month since my first mailing. We see new clients all the time and I love working with my Valpak Representative, his is great. We also take advantage of Valpak's on-line package and also see a lot of digital customers who print them off online."* We then asked Nancy how her Valpak advertising compared to other programs she has run in the past & she went on to say *"Valpak seems to bring in more customers than Spectrum Monthly. I would highly recommend Valpak to other business owners as we receive 10-15 printouts every month!"*
