George first started to advertise with Valpak to get more customers and to grow his business. We asked George how his Valpak programs were performing for him and he told us *"We started Valpak over 5 years ago and we love it. The phone rings every month when it comes out with new jobs. I was skeptical at first, but we get 15-20 calls every month generating over \$10K per month just from Valpak."* We then asked George how his Valpak service was, if Valpak outperformed its competitors and if he would recommend Valpak to other business owners, he went on to say *"I love all the services Valpak has to offer and I love getting my reports every month showing me how much business Valpak produces for me. I have tried Community Values in the past, but Valpak totally outperforms everything I have done. I would highly recommend Valpak because if you want RESULTS then Valpak is the only way to go!"*
