**\$100 OFF**

**Any Project of  
\$599 or more**

Must present this Valpak® offer. Cannot be combined.  
Exclusions may apply. Expires 10/31/20

Frank Parker first started mailing with Valpak back in May 2020 because his father used Valpak when he owned a landscaping business. Frank grew up learning every part of the business including what advertising his Dad did to make him successful, which included Valpak. We asked Frank who his Valpak programs are working for him and his business, he stated *"I am getting 15-20 calls a month for jobs. I get the most hits on the irrigation offer. I also like that I can change the wording and the offer based on the season and what kind of work I want to get calls on. I just recently switched my ads message/focus from lawn installs to retaining walls, walkways, fire pits and patios because I want more of those types of jobs."* We asked Frank how Valpak compared to other forms of advertising and if would recommend it to other business owners, he went on to say *"Valpak works better than the full size home and garden magazine ads we were doing last year. I would highly recommend Valpak because it works, and the service is great!"*
