Karen Murphy, owner of La Santa's started mailing with Valpak of NH back in August of 2018. Karen used Valpak at another one of her locations and needed to bring in new customers at this new location so she knew Valpak was the answer. We asked Karen how her Valpak programs were working for her and she stated *"We started off with a Six Month Agreement with Valpak and we were seeing 30-40 Coupons come in every month. We have been mailing with Valpak ever since."* We then asked how Valpak compared to other forms of advertising she may have done and she went on to say *"Valpak outperforms Community Values and our local newspaper. Valpak offers both print and digital/on-line along with tracking capabilities so we are able to measure our results with Valpak. We are very pleased with our Valpak results and all the services they provide with our mailing program!"*
