&
Tick Service
(Reg. \$75)

With this Valpak coupon. Call for details. Exp 9/30/2017

Steve Burke, owner of Mantis Pest Control has been mailing with Valpak for over two years. Steve changed his business name this year from All Pro Pest Control. Steve advertises his business to gain market awareness and to bring in new clients. When we asked him to tell us how his Valpak programs were working Steve stated *"Last year I received over 50 calls. I decided to do it again this year and will continue to use Valpak. I received over 20 calls already this year and already booked a \$5,000 job from one coupon!"* When we asked Steve if he takes advantage of Valpak's on-line & tracking programs he went on to say *"Yes, I love them. I get my call tracking report each month and love, love Call Tracking!"* We then asked how Valpak compares to other types of advertising he has done in the past, Steve added *"I have used Community Values and the Newspaper in the past, Valpak outperforms them both. I would highly recommend Valpak to every business owner because of the Print, Digital & Tracking Performance."*
