Kristen began advertising with Valpak over four (4) months ago and did so to raise awareness, market her business and bring in new customers. Kristen was hesitant at first stating *“At first I really thought people didn’t open the envelope. When our sales rep shared all his customer’s testimonials we were more apt to try Valpak.”* When we asked how Valpak was performing for her business Kristen went on to say *“In our first month with Valpak we received over 17 phone calls, very exciting! We have seen even more traffic since we started with Valpak and just renewed our agreement. We would highly recommend Valpak to other business owners as it’s a GREAT Way to get your name out there!”*
