We've have been using Valpak for over 6 months now and it's a great way to break into emerging markets. Valpak's Call Reporting helps us track exactly how many customers our Valpak Print & Digital Marketing Programs are directing to our shop. Valpak also allows us to target exactly which towns we want to market to, which is a big help! *We have received over 60 calls in the last 6 months and couldn't be any happier.* We just added more markets and renewed with Valpak also love the digital part of Valpak. We would highly recommend Valpak to any serious business owner.
