Madeline Kariotis has been advertising with Valpak for over 2 ½ years with her first mailing taking place back in October 2015. She began running with Valpak to raise her business profile and awareness within Nashua as well as to promote new products & specials. When we asked Madeline how her Valpak programs were working for her she stated *"We have received over 1,253 phone calls since we first started mailing with Valpak. I was skeptical at first but now I just see results, WE LOVE VALPAK!"* We then asked Madeline how Valpak compares to other forms of advertising she is doing or has done and she went on to say *"Valpak beats out Community Values and the Newspaper by far. If you want to see results Valpak Print & Digital is the way to go without question!"*
