We here at National Carpet and Flooring were pleasantly surprised when Scott Gianitsis walked into our store. He is so positive and has a wonderful aura about him. He was extremely knowledgeable, friendly, personable, competent and such a great person to work with. After the first customer walked in with a coupon from the first mailing it seemed it didn't stop the coupons were being brought in to be redeemed one after another. It was a great business decision to advertise with Valpak, and it was an absolute pleasure to work with Scott!
