With Valpak coupon only. Cannot be combined with any other offer. One coupon per table. Expires 1/31/19

Eric Brambila, owner of Tequila's Mexican Grill & Cantina has been mailing with Valpak of NH for well over a year, his first mailing was back in May of 2017. We asked Eric why he first started with Valpak and he stated *"I just opened my restaurant 2 years ago and I was referred to Valpak. I wanted to offer discounts and specials to bring in new customers."* We then asked Eric how Valpak has helped his business, how it compared to other forms of advertising and what he liked most about Valpak, he went on to say *"We get 20-30 coupons per month. We Love Valpak every month we get more & more new customers. I have used Community Values in the past but Valpak out performed them by a long shot. I love how Valpak comes out once a month and that you are online with Valpak the whole time. I also love their tracking reports so I can see how many calls we are getting along with how many people are going to my online coupons!"*
