Paul Dion, owner of Tommy Tree first started to advertise with Valpak in June 2017 to help build his business and to get more jobs / clients. When we asked Paul how is Valpak Programs were working he stated *"We Love how to the calls keep coming in. In just four months we have received over 73 Phone Calls! We love the customer service and advice we receive from Scott and Valpak and also love the Call Tracking they provide to us"* When we asked Paul how Valpak compares to other forms of advertising he has done and if would recommend Valpak to other business owners he went on to say *"Valpak beats the Newspaper and Effective Mailer, it outperforms them both! I would recommend Valpak to other business owner; if you want the calls then advertise with Valpak. We are very happy!"*
